

Betsie Valley Trailway Procedures for Special Events

Special Events may be defined as any activities which depart from what are considered normal uses. Normal uses include biking, hiking, walking, skating, and, in certain portions of the Trail, snowmobiling. Special events also include activities involving larger groups (over 100) of participants involved in normal trail uses.

General Guidelines

1. Applicant is responsible for removal of any signage or other equipment or materials related to the event placed on or near the Trail.
2. Applications should be submitted at least 10 working days prior to the requested event.
3. Please note Trailway Ordinance for special use conditions relating to the Trail segment between Mollineaux Road and the Village of Beulah.
4. Should conditions or situations necessitate, the Betsie Valley Trail Management Council (BVTMC) reserves the right to alter, reschedule, or cancel any event.

TRAIL EVENT APPLICATION

Name of Authorized Group or Individual sponsoring proposed event:

Address: _____

Phone: _____ E-Mail: _____

Description of proposed event (include any equipment, materials, or signs to be used) _____
